Students Learn Story Elements through a Virtual Field Trip

Submitted by Rita A. Mortenson

Let Your Imagination Soar!

High School Students Help Students with Create Stories

Students in Mr. Matulats English class joined Sugar Creek elementary students for a heartwarming virtual field trip. They participated in the FableVision and Discovery Education virtual field trip about the book *Going Places* from award-winning authors and illustrators Peter H. and Paul A. Reynolds. High school students had an opportunity to read the book to the elementary students, and then they all had a chance to go behind the scenes to learn about the writing process. After learning about the writing process, students brainstormed story ideas including a title, characters, theme and conclusion with their high school friend. It was such an incredible experience for everyone involved. The field trip was organized by Ms. Venegas and Ms. Mortenson
